## 8-CHANNEL HYBRID DVR

- ✓ 2 compliance + up to 6 additional views
- ✓ Removable locking storage
- ✓ Optional event button
- ✓ Optional connected video, GPS + IP cameras

# FROM COVERAGE TO REVIEW

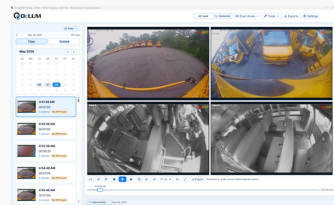

## FRONT VIEW WHEN TRIGGERED

Clear view of the area in front of the bus when the door opens.

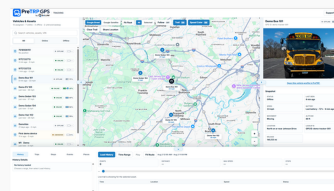

## REAR VIEW IN REVERSE

Automatic rear view display when the bus is shifted into reverse.

## LOCAL PLAYBACK WITH OCLUM STUDIO

Review and export recordings from removable storage using OcLUM Studio.

## OPTIONAL LIVE VIEW, REMOTE PLAYBACK AND GPS ON COMPATIBLE SYSTEMS

Stay connected with real-time visibility and location data when and where it matters.

## ADDITIONAL INTERIOR OR EXTERIOR CAMERAS AVAILABLE

Expand coverage to meet your fleet's operational needs.

Features and connected-service availability vary by system configuration.
